

Industry: Grain Processing, Car Wash Conveyor, Forest Products

Welded Steel Mill Chains (Offset Sidebars) are recommended for most conveying and elevating applications in which a high strength steel rollerless chain is required. A complete line on attachments and optional heat treatment make them easily adaptable to a wide variety of applications.

- All pins are through-hardened
- 1" & larger pins are further induction hardened
- Pre-Greased Rivets available upon request on all sizes

NOTE: All dimensions shown in inches unless otherwise noted. *WH denotes Heat-Treated
